

ANY- THING BUT UNIFORM

B2B CATALOG
COMPLETE COLLECTION

NOTHING ELSE WORKS LIKE DICKIES®

SKILLED WORKERS HAVE ALWAYS BEEN BUILDERS, shapers, and dreamers who forge their own path. These talented laborers wear their pride on their sleeves. And since 1922, more often than not, those sleeves have been on Dickies® workwear.

They're dedicated professionals who live to work and see the future as something that is theirs to make. And it's Dickies® workwear that gives them the freedom and comfort to do just that – allowing them to leave their mark on the world through their skill and dedication while their workwear proudly reps your company's brand and professionalism to the public.

For these doers, these shapers, these dreamers, and independent makers Dickies® workwear helps them project an air of confidence and personal style that is –

HELPS KEEP YOU FROM OVERHEATING

A man with a beard and short brown hair is sitting on a silver metal stool. He is wearing a black canvas jacket over a grey collared shirt and black canvas pants. He is also wearing black leather work boots. The background is a bright blue industrial setting with shelves and equipment. The overall tone is professional and modern.

WORKTECH VENTILATED SHIRT

WITH COOLING PERFORMANCE MESH TECHNOLOGY

EVAPORATION PLUS AIRFLOW

Evaporation is our most effective way to lose heat, representing 75% of heat transport. To maximize cooling, we need a continual supply of fresh air. The Dickies® WorkTech shirt offers ventilation in key areas with breathable performance mesh, designed to bring in air and move heat away from the body.

MEASURING FOR PROPER FIT

The following guidelines are important in measuring for proper fit.

- Give all measurements in inches.
- If the person's measurements are between sizes, order the larger size.
For example: if a man's neck measures 15 $\frac{3}{4}$ " you should order size large in a short sleeve shirt or a 16-16 $\frac{1}{2}$ " in a long sleeve shirt.

- For greatest accuracy, have someone take measurements rather than allowing customers to measure themselves.
- The tape measure should be pulled snug, not tight.
- Check the size scale of all garments being ordered to ensure that all measurements were taken at the proper points.

MEN'S SHIRTS

- **NECK:** Measurement is the circumference of the neck as illustrated.
- **SLEEVE LENGTH:** Measured by placing one end of the tape at bottom of the collar at the center of the back and marking the distance around the elbow to bottom of the wrist. It is often helpful to have the arm slightly bent.
- **CHEST:** Taken at the fullest point of the chest, keeping tape under arms and around shoulder blades. Hold tape level and firmly but not tight.

MEN'S TROUSERS, JEANS AND BIB OVERALLS

- **WAIST:** Measurement is taken at the top of the hipbone over shirt (not over pants). Tape should be held snug not tight.
- **INSEAM:** Measurement taken from base of the crotch to top of the shoe or boot. For jeans, add 1".
- It is advisable to ask the person being measured how he or she wears their trousers. Not everyone wears their trousers or jeans the same length or height on their hips.

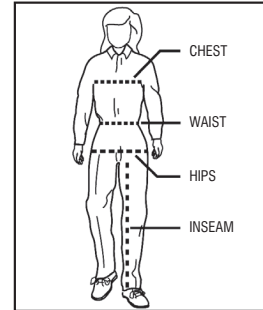

JACKETS

- **CHEST SIZE:** Taken at the fullest point of the chest, keeping tape under arms and around shoulder blades. Measurement should be taken over clothing, preferably over same garment or types of garments to be worn with the jacket.
- **SLEEVE LENGTH:** Measured by placing one end of the tape at the bottom of the collar at the center of the back and marking the distance around the elbow to the outer edge of the wrist.

MEN'S SIZE CHARTS

PANTS, JEANS, BIB OVERALLS		
Size	Waist	Chest
S/M	28-32	34-40
L/XL	34-38	42-48
2XL/3XL	40-46	50-56

6XL/7XL	54-60	66-72

SHIRT AND COVERALLS		
Size	Chest	Neck
S	34-36	14-14 $\frac{1}{2}$
M	38-40	15-15 $\frac{1}{2}$
L	42-44	16-16 $\frac{1}{2}$
XL	46-48	17-17 $\frac{1}{2}$
2XL	50-52	18-18 $\frac{1}{2}$
3XL	54-56	19-19 $\frac{1}{2}$
4XL	58-60	20-20 $\frac{1}{2}$
5XL	62-64	21-21 $\frac{1}{2}$
6XL	66-68	22-22 $\frac{1}{2}$
7XL	70-72	23-23 $\frac{1}{2}$

WOMEN'S WEAR

- **CHEST:** Measurement is taken at the fullest point of the bust. Measure across shoulder blades with arms relaxed down at sides, keeping tape parallel to the floor. Hold tape level and firmly but not tight.
- **WAIST:** Measurement is taken around the natural waistline. Keep the measuring tape comfortably loose.
- **HIP:** Measurement is taken by standing with heels together. Keep tape straight and parallel to the floor, measure around the fullest part.

HOME WASH FRIENDLY

Home Wash

INDUSTRIAL WASH FRIENDLY

(HEAVY SOIL) This method of industrial laundering is commonly used to remove heavy soil with a combination of higher water temperature (160° F max) and harsher chemistry; pH should be held to 11.5 max. More aggressive wash formulas may be necessary to remove heavy soils but may result in accelerated color loss, deterioration in performance of retroreflective trim and overall reduced garment service life.

EXECUTIVE WASH FRIENDLY

(LIGHT SOIL) This less aggressive industrial laundering process is commonly used on garments which are lightly soiled or made of fabrics that are not designed to withstand higher wash temperatures or harsher chemistry. In a typical light soil formula, water temperatures are usually held to a maximum of 140° F and pH to 10.5 max.

FLEX

High-performance fabrics made with specialized polyester wrapped yarns for superior flexibility and exceptional abrasion resistance.

Dickies Temp-iQ

An advanced technology that cools your body while you work. It reacts to your body temperature to help keep you comfortable.

3M Scotchlite™
Reflective Material

Reflective material that keeps you visible.

SafeCinch: Patented concealed drawcord technology. US Patent # 8,875,313

WeatherWeave: Wind resistance, water resistance

CANVAS Specific:

UNDERARM GUSSET Superior range of motion no matter what the task. Also, with greater movement, shirts stays tucked in so you look great all day.

BACKSIDE PLEATS Our shirts expand to give you extra room when reaching or stretching.

BANDED COLLAR

EXTERNAL PENCIL STALL

STRAIGHT HEM / SIDE VENTS

DOUBLE-NEEDLE STITCHING in our shirts and pants gives you a cleaner appearance.

WIDER & LONGER BELT LOOPS

DEEPER 13" POCKETS Side cargo pockets feature snap-down flaps to help keep things secure. The extra deep front pockets are reinforced so keys won't cause holes.

INSEAM GUSSET Our pants are designed to provide comfort when you bend, squat, lift or climb.

LOWER RISE (in pants)

ACTION ELBOWS Our outerwear contains an underarm gusset on the outer shell and fleece lining to give you flexibility for greater mobility.

INDEX

**FOR MORE INFORMATION,
VISIT OUR NEW WEBSITE:
B2B.DICKIES.COM**

CAUTION: Garments contained in this catalog meet government flammability Class 1 requirements but do not provide protection from ignition sources, molten substances or chemical exposure. Special flame-resistant garments are available if required.

Product images and fabric swatches shown here are photomechanically reproduced. As a result, colors may vary from actual samples.
