WORKWEAR CATALOG

WE GET TO WORK.

We get to work with our hands.
We get to work on a team.
We get to work with a smile on
our faces and a fire in our bellies.

WE GET TO BE BRAVE ENOUGH TO SUCK AT SOMETHING NEW.

To figure it out as we go.
And then to mentor someone else
brave enough to suck at something new.

We get to work fired up before sunup
and come up with new ways
to make a long day go down easy.

WE GET TO WORK INSIDE, OUTSIDE, UPSIDE DOWN.

We get to do things that can't
be taught in a lecture hall.
Or on a conference call.
But are learned in the field,
in kitchens, in garages.

We get to know our way around metric
and standard.
Stick-to-itiveness and shenanigans.
Crunch time and happy hour.

WE GET TO WORK WITH UNDERDOGS WHO OVERDELIVER.

Perfectionists who happen to be pranksters. The crew who stayed late last night so you could blow off early today.

We get to work on cars and cakes and buildings and brakes.
We get to work on timelines and tan lines and production lines and punchlines.
We get to work on dipsticks and French dips and flagships and friendships.

YOU WON'T HEAR US BELLYACHING, JUST BELLY LAUGHING.

You won't find us phoning it in because this is our calling. You won't see us slacking because we get to work. And we find reasons to celebrate when the day is done. Because after all – teamwork without the team is just work.

We don't just have to do this. We get to. And we love it.

WE GET TO WORK.

CUSTOMIZE IT!

LET THE WORKWEAR DO THE TALKIN'

Every workplace has its characters. With customization, you can get them prime time-ready in just a few clicks. Name, company, color, the flag, the works. Everything a growing team needs.

TEXT EMBROIDERY

Choose from a variety of fonts, sizes and thread colors to embroider names, titles and more.

NAME BADGES

Select your preferred patch style, thread color and font to make names stand out.

LOGO EMBROIDERY

Upload your logo for direct embroidery with a one-time digitization fee.

AMERICAN FLAG

Show off your pride with American flag patches.

COOLCORE®

Keep your temper from flaring when temperatures rise thanks to the chilling relief of Coolcore®.

SAFE CINCH®

SafeCinch technology tucks drawstrings away in your pockets for a fuss-free workday.

US PATENT NO. 8,875,313

 Five models are shown from the waist up, wearing hoodies in different colors: black, yellow, grey, yellow, and black. They are all pulling on the drawstrings of their hoods, demonstrating how the SafeCinch technology tucks the drawstrings into the front pockets of the hoodies.

HI-VISIBILITY

BE SEEN. BE SAFE.

Know the ANSI / ISEA 107 Standards.

WHAT IS THE ANSI HI-VISIBILITY STANDARD?

The American National Standard for High-Visibility Safety Apparel (ANSI/ISEA 107) is a standard established by the American National Standards Institute. Construction, maintenance, utility, emergency responders, airport ramp personnel and many categories of off-road workers are routinely exposed to potential injury hazards from their low visibility while on the job.

This standard provides guidelines for the selection and use of high-visibility safety apparel to improve worker visibility during the day, in low-light conditions, and at night.

Private companies, as well as various federal, state, and local authorities have embraced ANSI/ISEA 107-compliant garments as useful PPE (Personal Protective Equipment) for workers exposed to struck-by hazards.

TYPE O, CLASS 1 GARMENTS

Intended for use in environments where there are struck-by hazards from moving vehicles, equipment, and machinery **not** operating on public access rights of way or temporary traffic control zones.

- Warehousing
- Parking/Service location worker
- Oil & Gas extraction workers
- Refinery workers
- Mining

FABRIC and REFLECTIVE REQUIREMENTS

BMA* 217 in²
RMA** 155 in²
BMWM*** 1"

TYPE R, CLASS 2 GARMENTS

Intended for use by personnel exposed to vehicular traffic from public access rights of way or roadway temporary traffic control zones. Class 2 garments require the use of greater amounts of high-visibility materials which help distinguish between a human and an inanimate object.

- Delivery vehicle drivers
- Forestry operations
- Ship cargo loading operations
- Roadway construction
- Utility and railway workers
- School crossing guards
- High-volume parking and toll gate personnel
- Airport ground crews
- Trash collection and recycling operations

FABRIC and REFLECTIVE REQUIREMENTS

BMA* 775 in²
RMA** 201 in²
BMWM*** 1.38" (1" for split trim)

FABRIC and REFLECTIVE REQUIREMENTS KEY: *BMA - Background Material Amounts, **RMA - Reflective Material Amounts, ***BMWM - Retroreflective Material Width Minimums

BE IN COMPLIANCE.

TYPE R, CLASS 3 GARMENTS

Intended for use by personnel exposed to vehicular traffic from public access rights of way or roadway temporary traffic control zones. Class 3 garments mandate an even higher standard of visibility for workers in moving, complex backgrounds.

- Roadway construction personnel and flaggers
- Utility workers
- Survey crews

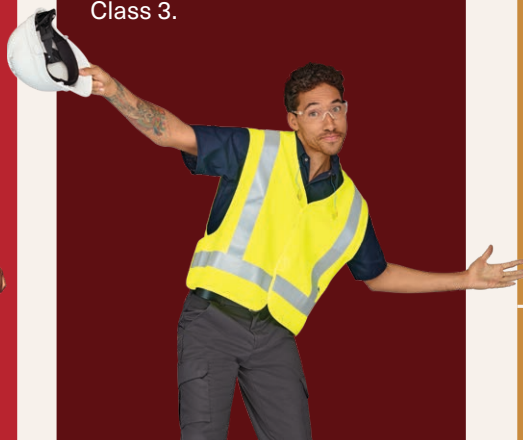

FABRIC and REFLECTIVE REQUIREMENTS

BMA* 1240 in²
RMA** 310 in²
BMWM*** 2"
 (1" for split trim)

SUPPLEMENTAL, CLASS E GARMENTS

Pants, bib overalls, shorts and gaiters meeting minimum area requirements for background material and retroreflective trim. Class E apparel, however, cannot be worn alone to provide adequate visibility of workers. When Class E items are worn with Performance Class 2 or 3 apparel, the overall classification of the ensemble is Performance Class 3.

FABRIC and REFLECTIVE REQUIREMENTS

BMA* 465 in²
RMA** 109 in²
BMWM*** 2"
 (1" for split trim)

TYPE P, CLASS 2 & CLASS 3 GARMENTS

Intended for emergency responders and law enforcement personnel in environments with struck-by hazards from traffic operating on public access rights of way or temporary traffic control zones.

- Police Officers
- Sheriff
- Fire Responders
- EMS

FABRIC and REFLECTIVE REQUIREMENTS

MEN'S MEASUREMENTS

WOMEN'S MEASUREMENTS

A - Neck

Measure around the base of your neck where a collared shirt would fit; or measure a collarband of a shirt that fits you well. Lay the collarband flat. Measure from the beginning of the buttonhole to the center of the button.

B - Trunk

Measure from the base of the neck (front) down around the crotch and back up to the bottom of the collar. For coveralls only - see diagram.

C - Chest / Bust

Measure at the fullest part of your chest / bust. Hold the tape firmly, but not tightly. Be sure the tape is level and straight across your back. Stand naturally with your arms down by your side.

D - Waist / Mid Section

First, remove your belt. Then measure over shirt (not over pants) at the position you normally wear your pants. Hold the tape firmly, but not tightly. Note - For shirts and coveralls, measure the largest portion of the mid-section.

E - Hips

Stand with your heels together. Measure around the fullest part of the hips. Hold the tape measure straight and level.

F - Thigh

Measure the circumference of the upper leg close to the crotch (approximately 1" below crotch).

G - Knee

With the leg straight, measure the knee circumference over the knee cap and parallel to the floor.

H - Calf

Measure the circumference of the largest part of the lower leg approximately half way between the knee and ankle and parallel to the floor.

I - Ankle

Measure the ankle circumference over the ankle bone and parallel to the floor.

J - Upper Arm / Bicep

Measure the maximum circumference of the upper arm just below the underarm.

K - Forearm

Measure the maximum circumference of the forearm at approximately 6" above the wrist.

L - Cap / Hat Size

Measure the circumference of the head at its widest diameter, approximately 1/8" above the ears.

M - Sleeve

Bend the elbow as shown (see M). Start at the center back neck and measure across shoulder to the elbow and down to the wrist bone.

N - Across Shoulder

While standing with arms down, measure across the back from one shoulder joint to the other.

O - Wrist

Measure the wrist circumference over the wrist bone.

P - Height

Stand straight against a wall without your shoes. Make a mark level with the top of your head. Measure from this point down to the floor.

Q - Inseam

Standing straight, measure the distance from the crotch to just below the ankle bone. **Or** - using similar style pants that fit you well; lay garment flat and with the front and back creases smooth. Measure the inside seam of one leg from the bottom of the hem to the crotch (see Qb).

R - Overarm (Blazers)

With arms at the sides, measure around the broadest part of the shoulders and upper arms, keeping the tape level at all times. If overarm is more than 7" larger than the chest, go up one size.

S - Outseam

Measure along the outside of the leg from the top of the waistband to the bottom of the hem or just below the ankle bone.

Sa - Outseam on Garment

On an existing garment: lay garment flat, measure along the outseam from the top of the band to the bottom hem.

T - Front and Back Rises

Front - this is the distance from the center front at the top of the waistband to the intersection of the crotch seam.

Back - this is the distance from the center back waistband to the intersection of the crotch seams.
