## **A MESSAGE FROM THE PRESIDENT,**

Reflecting on our journey, I am honored to lead a brand rooted in a commitment to our customers and their needs. We embarked on this journey by listening to public safety professionals, understanding their unique challenges, and delivering gear that isn't just tactical but a true companion in their line of duty.

As we develop our products and recognize that it may be a crucial part of your personal protective kit, we appreciate being a part of the essential gear you use every day. To meet the diverse needs of our community, we're proud to introduce items like the V2 Responder Shirt (pg.6) and the V2 Maternity Pant (pg.16). This is yet another testament to the creativity of our design team, who have consistently pushed limits and modified solutions to meet the demands of professionals at all stages of their careers.

As we step into 2024, our focus remains unaltered: listening, innovating, and delivering. It's not just about the gear; it's about our customers, our partners, and the relationships we build. First Tactical isn't just a brand; it's a symbol of our dedication to those who serve and protect.

*Bob*

Bob Denny, President

# A2 FABRIC

The abrasion-resistant 67/33 poly/cotton micro-canvas blend is **STRONGER** than nearly all other fabrics used in tactical apparel today. The 6.5 oz. weight 90-degree canvas weave provides a **SMOOTHER** look to the garment, and the fibers allow **MORE** mechanical stretch – perfect for those carrying an IWB holster. The fabric is double-dyed, keeping the pants true to their color for more than 50 washes, and we've added a DWR stain repellent finish to withstand spills and protect you from the environment.

# CUSTOM SHOP

ALTERATIONS • EMBROIDERY • SCREEN PRINTING • HEAT TRANSFER • LASER ENGRAVING • DIGITIZING • FT FLEX™ • CUSTOM ARTWORK and DESIGN AVAILABLE

The First Tactical Custom Shop offers a full range of custom services. Whether you need 300 polos with a custom logo, or 10 pairs of pants that need alterations, we can accommodate you and/or your department. No job is too small or too large. All custom work is done in-house at our HQ in Modesto, California. We are also proud to offer the latest technology in soft-badges – FT FLEX™ – exclusively available from the First Tactical Custom Shop on First Tactical apparel and gear.

## DETERMINING YOUR SIZE:

Using a measuring tape, measure your body (over undergarments) and refer to body charts to determine the best size. If you fall between sizes, we recommend ordering the larger size.

## HOW TO MEASURE:

**Neck:** Measure the largest portion of the neck circumference.

**Chest:** Measure under arms and around the fullest part of your chest with measuring tape parallel to the floor

**Waist:** Take measurement around your waistline, where your belt typically sits.

**Natural Waist:** Measure around the smallest part of your waist (where it bends).

**Hip:** Stand with your feet together & measure around the fullest part of your hip with the measuring tape parallel to the floor.

**Arm Length:** Slightly bend elbow & measure from center back neck, over top of shoulder & down to wrist

**Inseam:** Measure the inseam of pants that fit you well. Place them in a flat position, ensuring both front and back are neatly pressed. Measure from the crotch to the leg hem along the inseam.

**Men's** Tall sizes have 2" added to body length and 2" added to sleeve length (1" for short sleeves). Short sizes have 2" removed from body length and 2" removed from sleeve length (1" for short sleeves).

**Women's** Tall sizes have 2" added to body length and 1½" added to sleeve length (¾" for short sleeves).

## TACTICAL FINALLY FITS

**DIANE GALLAGHER**

Known as one of the pioneers of tactical apparel, Diane developed the first tactical pant over 20 years ago. She has continued to bring innovation to the public safety industry throughout her career. Some of her most significant contributions are now a core part of the women's fit line that she created for First Tactical. Diane has learned that these styles need to provide the same durability and functionality while showcasing a refined, feminine silhouette with the same quality, comfort for which First Tactical is known.

Our full line of women's apparel (sizes 0 – 28) and gear is specifically designed with public safety needs in mind, and we are proud to offer the following:

- Shirts
- Pants
- Polos
- Shorts
- Outerwear
- Gloves
- Belts

### EXPERIENCE INNOVATION AT ITS CORE WITH OUR LATEST RELEASE

**The V2 Maternity Pant**, designed to adapt to the distinct needs of female first responders in the field. Built on the foundation of our V2 Tactical Pant, it features an elasticized panel waist for comfort, providing essential support for expecting professionals. (pg. 16.)
